# ***A MESSAGE FROM ELKS AIDMORE CEO DR. VICKEY HALE***

Friends

The year 2022 brought a few transitions and new opportunities for Elks Aidmore. Because of you and your amazing support we served 97 residents in the Residential Program and 264 residents in Therapeutic Foster Care. We have 117 foster families providing a safe and nurturing environment for the children and young adults in our care.

As stated before, the COVID pandemic has shown us how “the time being is always in motion”. But through it all, you will see in our annual report how we have continued to meet the needs of Georgia’s children and families, even during a pandemic. When the world paused and worked on a way to move forward, we never stopped. Our children remained resilient, and our staff and foster parents remained committed to providing the highest quality of care to the children and families we serve.

Our goal over the next year is to expand services to young adults needing Independent Living Services and Supports and to increase our footprint in providing Teen Parenting Services.

It is my hope that through our annual report you will see how the resources we receive are being used to serve our client population. It is also my hope that you will see that your volunteerism and donations are still needed for us to fulfill our mission.

On behalf of our Board of Trustees and the children, young adults, and families we serve, please accept our deepest gratitude for your generosity. Thank you for your prayers and financial gifts as we continue to make a difference in the lives of our residents.

Thank you!
